Amen John 832! Expose the truth and rebuke the devil and he shall flee! Truth and lies do not mix. Truth is stronger than a lie! It is lasting, enduring and of God...God is truth! Jesus said, Satan was a liar and the father of it...therefore he said to the pharisees and saducees their father was satan and their fathers works they do!! Amen.

Miss Dianne Question about your Black Rock Post

Miss Dianne Question about your Black Rock Post

On January 11, 2021 (the "Petition Date") Blackrock International, inc. filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code

False Information can Be Devastating to the United States economy?

It is a little one horse operation

With between 100k and 500 K in Assets

This is Not Larry Fink

BlackRock, the world's largest asset manager

Blackrock International, Inc. filed for a chapter 11 bankruptcy back in January of 2022. Guessing at how bankruptcy goes... they had to have been in some deep trouble before that date. It is obvious the Joey Avatar's rotten, crashing economy, along with world markets doing the same under their little Khazarian Oligarchy puppets, and the new stock market savvy of young investors... *(like what we witnessed with GameStop working the markets like the big boys do where the hedge funds lost billions of dollars in just a few weeks. [GameStop trades and meme investing turn stocks into a pump-and-dump scheme \(nbcnews.com\)](#))*.... they have lost their edge.

On January 11, 2022 (the "**Petition Date**") Blackrock International, Inc. filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code. The Debtor's case was assigned case no. 22-50015 and is pending before the **honorable Judge John W. Kolwe in the U.S. Bankruptcy Court Louisiana Western District** (the "**Bankruptcy Court**") Lafayette division office.

The Debtor is being represented by **Attorney David Patrick Keating** (the "**Debtor's Counsel**"). A hearing will be held on February 7, 2022 (the "**First Meeting of Creditors**") at the Bankruptcy Court Lafayette division office.

Chapter 11 Voluntary Petition, 20 Largest Creditors, Summary of Schedules, Schedules A,B, D, E, F, G, H, Statement of Financial Affairs, List of Equity Security Holders, Mailing matrix, Corporate Ownership Statement. Fee Amount Due \$1738 Filed by David Patrick Keating on behalf of Blackrock International, Inc.. Declaration of ECF Filing due by 01/13/2022. Social Security Card due by 01/13/2022. Picture Identification Card due by 01/13/2022. Chapter 11 Plan due by 05/11/2022. Disclosure Statement Chapter 11 due by 05/11/2022. (Keating, David) Modified text on 1/11/2022 (katc). (Entered: 01/11/2022)

[Voluntary Petition (Chapter 11) (Fee)]

And now... as of the end of September they are still in the process and had a hearing. Wallstreet is shaking... it has been but they have been relying on all the gaslighting to keep investors with IRA's at bay and avoiding an onslaught of sell offs that would push them into Chapter 7... I wonder in a case like this if the stock holders are considered debtors or creditors? I mean do they take a loss and go down with BlackRock or are they a creditor and get any remainder of the monies they have back first? Not sure how this will go... they never had to worry about that before because it was always their game. Or is it still their game and they are pulling another RESET fast one?

There's something about that phrase... "you will own nothing and be happy" that just keeps popping in my head when I read these sort of things. Anyone else? Read: [Blackrock International, Inc. Files for Bankruptcy in Lafayette | BKData](#)
